Mr. Cage's Testimonials:

Le'Mere Lindsey
Anger Management Student

During my anger management sessions with Mr. Cage I learned that emotions tell you how you feel about a situation. If you are feeling a certain way you should speak about it and not bottle it up. My mom has seen improvement in my tolerance level and my motivation to get up to go to school.

Senior Pastor at Glory International Harvest Church

Marcus Cage and Divine Works E&T did a wonderful job presenting at our monthly men's gathering in which we discussed various topics concerning our youth today. He was able to supply us with many practical skills that I found to be very useful in my approach toward engaging with youth. Especially, if our goal is to provide the much needed guidance they are looking for.
